April babies

Wherever there is carrion, there are vultures, and the decaying flesh of Sazka has attracted the very best predators the Czech Republic has to offer. Four of the Five Families (J&T, KKCG, Penta, PPF) are directly involved in scavenging on the Sazka remains, and the other (Bakala) is prodding about with a stick by giving front-page coverage in [HN](#) to previously unspeakable chatter about Václav Klaus lobbying on behalf of the capo di tutti capi, Petr Kellner. Sazka is of course only the means for the Families to get their claws into the real quarry - the weak, the poor, the down-trodden - all those who make up the vast majority of the people who spend billions on bets they statistically cannot win. The rapper [Lil Wayne](#) might call these bet-tors who senselessly throw away their money April babies - "cause they fools." But without a large supply of fools, there would be no Sazka, and no vultures.
