

Pedophiles and pedojobbers

If a pedophile is a person who is sexually attracted to children, regardless of whether he or she actually touches a child, what should we call a person who promotes jabbing children with an untested, unauthorized, unlicensed vaccine, even if he or she is not involved in approving or applying it? Is such a person showing care and concern for children, or negligence and indifference toward them? One of the next phases of the [covid project](#) is to [inoculate almost all children on the planet](#), perhaps even those [as young as six months old](#). No one knows what effect these shots will have on our offspring in one year, much less in 10, 20 or 30, yet there is a huge global propaganda campaign for convincing people of the absolute necessity of permanently altering their bodily functions. Immunologist Václav Hořejší told [TV Nova](#) that the anti-vax movement is irrational and incomprehensible. Health Min. Petr Arenberger said that it could be possible to start vaccinating Czech children in the fall.
